SafePace 800 Variable Messaging Radar Speed Sign

General Description

The SafePace 800 variable messaging sign offers unlimited possibilities. This cutting edge sign can be used as a radar sign, message board, or both. It can be displayed vertically or horizontally and can be customized to show any message you choose.

The full matrix sign can be programmed to show vehicle speeds with variable messages, a full sign graphic, or any text of your choice. Whether you use it to slow traffic, to notify drivers of road closures, or to direct vehicles, the SafePace 800 variable messaging sign will get your message across.

Features

- **MUTCD compliant** full matrix radar sign with **completely customizable sign face**.
- Can **display any text, graphics, and vehicle speed** in 18" digits with variable messages, which can be determined by driver speed.
- Can be displayed **vertically or horizontally**.
- Allows for **animated text or graphics** such as moving arrows or scrolling message.
- Unique light enhancing, **anti glare lens system** provides brilliant visibility even in poor lighting.
- Includes **two integrated flashing speed violator strobes** to alert speeding drivers.
- **Optional data collection** with robust reporting module generates standardized reports for traffic analysis while including custom reporting options for more advanced users.
- Ultra **low power consumption** including the most power-efficient radar technology available and optional solar power.
- **Superior construction** and durability for long-lasting performance.
- High strength aluminum sign face and individual optical lenses to **protect against vandalism or theft**.
- **Stealth Mode** allows the sign to collect baseline traffic data while speed display appears blank to motorists (requires Data Collection option).

Choice of faceplate colors available.
 Sign: 42.5"(h) x 31"(w) x 5"(d)

Display Examples:
 Rotate Vertical or Landscape
