SafePace 550 Variable Speed Limit Radar Sign

General Description

The SafePace 550 Variable Speed Limit Sign offers the flexibility to display speed limits based on work or school zone scheduling. Using highly visible LEDs, the SafePace 550 Variable Speed Limit Sign ensures that motorists are aware when the speed limit has changed.

With a built-in strobe and flashing digits to warn violators, the SafePace 550 sign is ideal for use anywhere that speed limits fluctuate. Offering outstanding features and superior functionality, the SafePace 550 Variable Speed Limit Sign will keep your roads safe.

Features

- Ideal solution for **locations with changing speed limits** such as school or work zones.
- **MUTCD compliant** with static "SPEED LIMIT" message and highly visible 15" LED digits.
- Unique light enhancing, **anti glare lens system** provides brilliant visibility even in poor lighting.
- Includes **integrated flashing speed violator strobe** to alert speeding drivers.
- **Optional data collection** with robust reporting module generates standardized reports for traffic analysis while including custom reporting options for more advanced users.
- Ultra **low power consumption** including the most power-efficient radar technology available and optional solar power.
- **Stealth Mode** allows the sign to collect baseline traffic data while speed display appears blank to motorists (requires Data Collection option).
- **Superior construction** and durability for long-lasting performance.
- High strength aluminum sign face and individual optical lenses to **protect against vandalism and theft**.
- Speed violator strobe **can be programmed** to flash at designated speeds.

*Choice of faceplate colors available.
 Sign: 42.5"(h) x 31"(w) x 5"(d)*
