SafePace 600 Variable Messaging Radar Speed Sign

General Description

The SafePace 600 variable messaging sign is a versatile and full featured radar speed solution.

Whether you want to simply alert drivers of their speeds or notify them about an event, construction or dangerous road conditions, the SafePace 600 variable messaging sign will provide years of continued traffic calming, making our streets a safer place for years to come.

Features

- **MUTCD compliant** full matrix radar sign with two rows of **customizable text** and 15" digits.
- **Variable message** displayed can be determined by driver speed.
- Allows for **animated text or graphics** such as moving arrows or a scrolling message.
- Unique light enhancing, **anti glare lens system** provides brilliant visibility even in poor lighting.
- Includes **integrated flashing speed violator strobe** to alert speeding drivers.
- **Optional data collection** with robust reporting module generates standardized reports for traffic analysis while including custom reporting options for more advanced users.
- **Ultra low power consumption** including the most power-efficient radar technology available and optional solar power.
- **Superior construction** and durability for long-lasting performance.
- High strength aluminum sign face and individual optical lenses to **protect against vandalism or theft**.
- **Stealth Mode** allows the sign to collect baseline traffic data while speed display appears blank to motorists (requires Data Collection option).

Display Examples

Choice of faceplate colors available.
 Sign: 42.5"(h) x 31"(w) x 5"(d)
